Reaching all over the world - into large cities and small villages - into places our feet could never take us in one lifetime.

Always available to preach the Gospel boldly - not limited to the weaknesses of our own human bodies.

Delivering the greatest possible outreach by the smallest possible means - support of even one program can reach a great potential audience.

Invited into homes, businesses, cities, and even countries that would otherwise be closed to the Gospel message.

Over the airwaves...followed by prayer...one of the mightiest tools a missionary can have to reach anywhere from next door to "the uttermost parts of the earth" with the wonderful news of God's love!

Putting the GO in the GOspel
